

ecotrash[®]

making your trash problems smaller.

ZeroWaste[™] Bins

When used alongside Ecotrash Paper Towel Compactors (PTC[™]), ZeroWaste Bins are the simple solution to restroom paper towel management

Eco-Friendly Composting

- Eliminate the use of plastic bags
- Reduction of landfill impact by diverting restroom paper towel waste to recycling facilities or compost sites
- ZeroWaste Bins reduce 31,080 grams of carbon dioxide emissions from paper towel waste put into landfills

Eco-Friendly Experience

- Patented, customized compostable receptacles made specifically for Ecotrash PTC models
- Stackable for easy, space-saving storage
- High capacity holds 1,100 paper towels
- Allows for easy, mess-free compaction and usage
